

# EUROPEAN MOVERS-Order Form

**Brandeis**  
Verlag und Medien

## YOUR LISTING

For more than 20 years Brandeis Verlag & Medien publicizes a yearly address book for European carriers.

You can find your listing on the back side as it was published last year in the European carrier address book, too. Please check it for actuality and make corrections or additions if necessary.

You're able to enhance your basic listing and set yourself apart from your competition. With service symbols you can show your individual efficiency and specialties to your peers and customers. Upgrade your listing with your company logo to provide even more recognition. Also your profile text describes your special services and your competence best. On the other hand you can reach a quick and simple way to communicate with your customers by linking your homepage and your e-mail address. Finally, for overcapacity and / or empty runs, a regular line traffic listing will help you.

Please see the following explanations:
