

Your Premium Listing on european-movers.eu

Become Part of a Strong Network

european-movers.eu promotes collaboration between European moving companies. Benefit from connections with removal companies across Europe.

When handling long-distance moves, removal companies often face the challenge of finding a reliable and capable moving partner at the destination. Local colleagues need to be familiar with the conditions on-site and assist with unloading, unpacking, and assembling. If you don't already have your own contacts in the country, searching for and deciding on the right partner can be difficult.

With a Premium Listing on european-movers.eu, you can showcase your individual strengths and specializations to potential colleagues and partners. You can choose from over 45 service descriptions and add a company profile text. Of course, your website and email address are directly linked on your partner page, making it easy and fast to get in touch with you. By adding your company logo, you complete your listing and ensure strong brand recognition.

I/We hereby authorize DMG Medien & Consulting GmbH & Co. KG to place an advertisement for my/our company on www.european-movers.eu for €120 per year.
